We knew this was coming. Time to start up more DC caravans.

<https://thedonald.win/p/11ROCE2FLJ/michigan-maga-group-has-12-buses/c/>

It's as simple as saying "I will be at this restop stop/exits at this time with a trump flag."

Use paper and markers to communicate phone numbers of leaders through vehicles. Bring radios to pass out during rest stops.

Leaders naturally get picked as the caravan progresses, by the time you make it to DC you're a well oiled patriot machine.

All you have to do is get the ball rolling. Be amazing if we had a sticky with lists of caravans covering each state to join

The people who genuinely believe adrenochrome is harvested from children are literally mentally retarded. It's a one step process to synthesize from epinephrine. Even if people are using it, it's miles cheaper and logistically far easier to just make the shit in a pharmacy. But hey it keeps retards entertained to think about this lunacy.

Those can all exist without nonsense like adrenochrome. It's not hard to make, or get. It's not a scheduled drug, has no magical properties to enhance/extend life. If it had any magical properties, it would be locked away behind drug laws and sold to the powerful and rich for top dollar.

But because Hunter S. Thompson made up it's properties in Fear And Loathing In Las Vegas (which he told Terry Gilliam while making the movie), it's been a farcical conspiracy ever since - expanded on intensely by 4chan.

Besides, even if it's got magical powers, they're pretty fucking weak, because Hillary, one of the main villains in this conspiracy theory, looks like **shit**, even *with* plastic surgery. If she's killing kids to look like she does, she's wasting her time.

<https://en.m.wikipedia.org/wiki/Adrenochrome>

“In the early 2000s, interest was renewed by the discovery that adrenochrome may be produced normally as an intermediate in the formation of neuromelanin. This finding may be significant because adrenochrome is detoxified at least partially by glutathione-S-transferase. Some studies have found genetic defects in the gene for this enzyme. [12]”

Hillary and Joe Biden did reasonably well in the debates considering they looked half dead a certain points on the campaign trail. Not sayin' it's adrenochrome, but look into it.

Read the same thing, doesn't show the existence of magical properties, just that it might be formed in more than one way. I've looked into, to shut down the more loony tunes types who insist it's made up properties are real.

I mean, feel free to buy some and take it. Nothing is stopping anyone from doing that. Show us the magical properties. You'd make a fortune if you could, and got in on sales early.

Just because it can be synthesized doesn't mean evil people won't go out of their way to harvest it through an evil means if for no other reason than to bind themselves together even further.

That said, the adrenochrome part of the conspiracies doesn't make sense to me at all.

This is the only motive I can think of, if it isn't just conspiracy. I hadn't even heard of it until a year ago and this was my first counterpoint to my MAGA cousin; to just synthesize it. There is a lot of smoke to that fire though, so I'm 50/50 on whether the adreno stuff is real. The trafficking is 100% a thing, same with the pedovores, since they literally openly talk about cannibalism.

Nothing new under the Sun. I don't know why the possibility is hard for people to believe.

<https://en.m.wikipedia.org/wiki/Sacrifice>

'The teachings of the Torah and Tanakh reveal the Israelites's familiarity with human sacrifices, as exemplified by the near-sacrifice of Isaac by his father Abraham (Genesis 22:1-24) and some believe, the actual sacrifice of Jephthah's daughter (Judges 11:31-40), while many believe that Jephthah's daughter was committed for life in service equivalent to a nunnery of the day, as indicated by her lament over her "weep for my virginity" and never having known a man (v37). The king of Moab gives his firstborn son and heir as a whole burnt offering, albeit to the pagan god Chemosh.[25] In the book of Micah, one asks, 'Shall I give my firstborn for my sin, the fruit of my body for the sin of my soul?' (Micah 6:7), and receives a response, 'It hath been told thee, O man, what is good, and what the LORD doth require of thee: only to do justly, and to love mercy, and to walk humbly with thy God.' (Micah 6:8) Abhorrence of the practice of child sacrifice is emphasized by Jeremiah. See Jeremiah 7:30-32.'

https://en.m.wikipedia.org/wiki/Human_sacrifice

"The sacrificial methods employed varied, but at least one of the victims would be bled to death. His blood was offered to the principal deities in order to please and placate them.[100]"

It's not hard for me to believe given their psychology: <https://m.youtube.com/watch?v=omnskeu-puE> It's not like they don't apparently traffic children: https://www.npr.org/sections/thetwo-way/2010/02/laura_silsby_haiti_orphans_wou.html

We all know Maria Abramovic and her buddy John of God.

<https://m.youtube.com/watch?v=g9ys-Lfu4Sc>

<https://abcnews.go.com/International/wireStory/brazil-spiritual-healer-sentenced-19-years-rapes-67831299>

<https://www.9news.com.au/world/john-of-god-news-australia-sold-babies-allegation/f46dafd2-d7bd-41bf-8d18-ff30708faec1>

"Now, John of God has been hit with stunning new claims that he operated a baby-selling and human trafficking ring from his spiritual compound in Abadiania, 130km south-west of Brasilia."

It's almost like they want us to think they are bloodthirsty psychopaths.

When someone tests positive, facilities get shut down for cleaning. It's been happening since April when Indianapolis center was the first to close.

The Art of War:

"There are roads which must not be followed, armies which must be not attacked, towns which must not be besieged, positions which must not be contested, commands of the sovereign which must not be obeyed."

Explained:

"Sometimes a direct route to the enemy's capital seems obvious, but it may be well-guarded and make you vulnerable, for example if it goes through narrow canyons or crosses wide rivers. Just because there is an army in front of you, it does not mean you should attack it, even if you think you can win. Always consider the war first, and not just the battle. Arousing neutral countries can multiply your enemies. Attacking a smaller force can create losses that will make you vulnerable to a later larger force.

Avoid siege and other conflicts that are not advantageous or necessary.

In war, the general takes commands from the sovereign, but the sovereign is not on the battlefield and does not know what will bring ultimate victory. Only a foolish general would implement commands they know will fail."

Just because there is an army in front of you, it does not mean you should attack it, even if you think you can win. Always consider the war first, and not just the battle.

"There are roads which must not be followed, armies which must be not attacked, towns which must be besieged, positions which must not be contested, commands of the sovereign which must not be obeyed."

...words that must not be omitted...

(I'm guessing there should be a "not" in the third clause, since the other four all had one; if "not", that would "not" be very good writing :) How did that sucker escape the copy & paste?

Traffic Control is not run by the airlines. That is the FAA. If your flight is canceled, go to the ticket counter and request refund as you are on a business trip. I would also ask if you could get out of FLL instead. If that is not available, tell them you need a refund to rent a car.

Incorrect on so many levels.

The flight was delayed for Jackson center being ATC zero due to corona cleaning. The flight would have gone through their airspace, but since it is closed flights can't go through IFR.

Second, aircraft absolutely can taxi to the runway and depart without ATC. Are you under the impression that every airport in the country has ATC? They (pilots) use a unicom frequency to talk to each other and announce their movements and intentions. It becomes an uncontrolled airport without ATC. When Midway shut down a few months ago airlines were still departing and small aircraft were doing touch and go's. My facility shuts down at night and planes still arrive and depart without us.

No conspiracy on Air Traffic...Captain is telling the truth. Here's the bulletin.

The Command Center has just advised that Jacksonville Center (ZJX) will need to go ATC-Zero at 2120z (1620 EST local) with a scheduled reopening at 0020z (1920 EST local) due to a required COVID cleaning. This will be very impactful for flight operators in/out of Florida that plan on transiting the Jacksonville Center Airspace. They are working on a NOTAM at this time and will advise if any contingency routes will be available. Flight operators should plan on avoiding Jacksonville Center airspace during the closure times if possible. More to follow.

Take Note and make it known what is happening.

There WILL be an accounting!

UPDATE: Plane took off, sounds like a fight between DC politicians and the airline.

Airlines want to make money and DC wants to prevent trump supporters from coming in.

I'm loving it.

No traffic control, no rules! Storm that cockpit and commandeer that aircraft!

(Note: don't do this. I want to hear about something besides a stolen airplane on the news this week. I just thought it sounded like fun)

Since no one else has the balls to say it, I will.

“Shut the fuck up with misinformation!”

Unless you know it to be verifiable, stop spinning conjecture and BS as facts.

Source: I'm in a major hotel in DC chilling and received absolutely no push back from the staff or from anyone else for that matter.
